Where there is ha - tred, where there is ha - tred, where there is  
sor - row, where there is sor - row, where there is  
pres - sion, where there's op - pres - sion, where there's op -

Where there is ha - tred, where there is ha - tred, where there is  
sor - row, where there is sor - row, where there is  
pres - sion, where there's op - pres - sion, where there's op -

Where there is ha - tred, where there is ha - tred, where there is  
sor - row, where there is sor - row, where there is  
pres - sion, where there's op - pres - sion, where there's op -

Where there is ha - tred, where there is ha - tred, where there is  
sor - row, where there is sor - row, where there is  
pres - sion, where there's op - pres - sion, where there's op -
